# Introduction To Early Childhood Education

## Synopsis

INTRODUCTION TO EARLY CHILDHOOD EDUCATION, 7th Edition, provides a comprehensive overview of early childhood education that is solidly based on current research and theories. Grounded in constructivist theory but also covering other perspectives, the book focuses on developmentally appropriate practices for infants and toddlers, preschoolers, early elementary schoolchildren, and children with disabilities. The majority of the text examines curriculum and the fostering of creativity as well as physical, cognitive, language, and social development--every facet of early childhood education is examined and explained. This edition has been extensively revised and includes standards (both DAP and NAEYC) and accountability in the field of early childhood education, an expanded emphasis on working with children from diverse backgrounds, the latest brain-based research, and discussions of the role of families and forms of parent communication. With a strong emphasis on defining the components of high-quality early childhood programs, along with completely updated references, examples from practitioners, and new video offerings, this book is the most comprehensive resource available. Available with InfoTrac Student Collections <http://goengage.com/infotrac>.

## Book Information

Hardcover: 528 pages

Publisher: Wadsworth Publishing; 7 edition (January 1, 2013)

## Customer Reviews

" [This is a] comprehensive overview, great for an introductory class in early childhood."

Eva L. Essa, Ph.D., recently retired as Foundation Professor at the University of Nevada, Reno,

where she taught early childhood education and human development for 41 years. Dr. Essa's research and writing on topics related to early childhood education have been published in a variety of professional journals and books.

Bought this for a class and it came in really great condition.

brand new book! fast delivery!

got this book for class and we didn't use it much but it does have some interesting topics :o

I rented the book but I loved it! It came in great condition and it came super quick. I would recommend anyone to rent the book.

just as described

Perfect book for my class. The book was in great condition.
