The Creative Curriculum For Preschool, 4th Edition

Synopsis

The Creative Curriculum balances both teacher-directed and child-initiated learning, with an emphasis on responding to children's learning styles and building on their strengths and interests. This completely updated new edition of one of the country's leading research-based preschool curricula applies the latest theory and research on best practices in teaching and learning and the content standards developed by states and professional organizations. While keeping the original environmentally-based approach of earlier editions, The Creative Curriculum for Preschool clearly defines the teacher's vital role in connecting content, teaching, and learning for preschool children. It features goals and objectives linked directly to our valid and reliable assessment instrument (The Creative Curriculum Developmental Continuum for Ages 3-5).

Customer Reviews

"The Creative Curriculum® for Preschool is remarkably comprehensive, offering a valuable overview of the theories and research behind the Curriculum, and integrating new developments in the field? The Creative Curriculum for Preschool is indeed one of the most useful tools in our profession, offering 'the big picture' and a range of specific, practical strategies." - Margie Carter, early childhood college instructor, author, consultant

Diane Trister Dodge, founder and president of Teaching Strategies, Inc., is the author of numerous books, articles, and training materials on early childhood education. She is the lead author on all of

Teaching Strategies books, including the popular The Creative Curriculum®...series. After earning a Master's degree from Bank Street College of Education, Diane earned 30 years of experience working with teachers and administrators first as a kindergarten teacher, and then as the education coordinator for a Head Start program in rural Mississippi. Her experiences in the field have taught her the value of curriculum and training materials that articulate a clear philosophy and practical approach to meaningful learning. Her belief that curriculum and assessment are intricately linked led to the development of The Creative Curriculum Developmental Continuum and The Creative Curriculum Developmental Assessment Toolkit for Ages 3-5. She has also written many books for parents including Building Your Baby's Brain, Reading Right from the Start, and A Parent's Guide to Early Childhood Education. Diane is a renowned speaker and trainer, and a former member of the Governing Board of the National Association for the Education of Young Children (NAEYC). She currently serves on the Board of the Center for the Child Care Work Force and other local Washington, DC organizations.

Laura J. Colker is the author of numerous articles and books on early childhood education. At Teaching Strategies, she has co-authored The Creative Curriculum for Infants & Toddlers, The Creative Curriculum for Preschool and The Creative Curriculum Developmental Continuum Assessment Toolkit for Ages 3-5. She has designed curriculum, training materials, and videos for teachers and supervisory staff, and story books, videos, software, and videodiscs for children. Dr. Colker conducts training and teaches courses on child development issues throughout the United States, Europe, and Asia.

Cate Heroman is the Senior Associate and Staff Development Specialist at Teaching Strategies, Inc, and has committed herself to the field of education for almost 30 years. She was a early childhood education teacher in the East Baton Rouge Parish School System in Louisiana. For nearly a decade, Cate served as an administrator at the Louisiana Department of Education, providing leadership, training, technical assistance and support in the areas of early childhood and elementary education. Cate has also co-authored several books, including The Creative Curriculum for Preschool, 4th Edition, The Creative Curriculum Developmental Continuum Assessment Toolkit for Ages 3-5, Connecting Content, Teaching and Learning, and Building Your Baby's Brain.

The breakdown of this book is easy to follow and it has information about developmentally appropriate activities as well as breakdown of milestones for each age group. This book is great for preschool teachers.

This is a good book, but it would have been nice to receive a hardback book like I ordered. This was

the second time ordering a HARDBACK book and getting a paperback copy. Very upsetting. I have sent it back twice now.

Came in perfect condition in the amount of time described. Very pleased with my purchase.

Love this.

I am very pleased with my purchases of books for early learning. The classes I was enrolled in were expensive enough, I saved a lot of \$ by ordering . They said like new, They all looked NEW to me. very, very pleased and this is the only way I would ever purchase a book again. I would highly recommend it.

I mistakenly received the college text, which was fine for what it as a college text, but what I wanted was learning center ideas for preschool.

Missing the DVD, other than that. AMAZING shape!

Love this book need it for work!!!Disappointed only with the length of time for shipping.
