****Ray of New is Book #6 in the Ray Series. You could read this as a standalone, but it's such a good series I would still recommend reading Books #1 - #5 first**** Ray of New is Ryker's story. He returns back to his home in New York after suffering a broken heart while living in Seattle running his father's company. He had steadfast "no relationship" rules where women were concerned before his heartbreak, needless to say those are back in full force. His object is clear, meaningless sex and no attachments. Ryker reconnects with his friend Liam when he returns to New York and the two head out for an evening of fun and drinking. Liam has been avoiding his sister Austen, but he gives in to her and she joins the guys for some adult beverages. The last thing Ryker was expected

was to be attracted to Liam's beautiful, smart, nerdy sister. The two are clearly attracted to one another, but Liam warns Ryker that his sister is a heartbreaker. As it turns out, Austen is suffering from a broken heart as well and swears off relationships. The two start spending more time together and agree there is nothing more to their relationship than sex and fun. Do feelings change?!? Assumptions are made. Could this be the start of something more and neither wants to admit their true feelings?!?! This is very well written and the drama keeps you engaged. Not to mention the heat between Ryker and Austen could light a house on fire. The storyline is predictable, but that did not at all detract from my love for this story, or the series for that matter. I love the dual POV of Ryker and Austen, listening to their inner struggles where their relationship is concerned. We want to see them both find their HEA. However, it looks like we'll have to wait until July to find out if that happens!

Oh my GOD!! I couldn't wait for Ryker's story and EL didn't disappoint. He is the same jerk I fell in love with in the series. I won't give anything away but the twist and turns kept me wanting more and more. I can not wait until July 25th to read the rest of this story! This is better than the first part!

I was so excited and thrilled for Ryker's story! I knew when he bowed out for Rae, he showed not only his maturity but just how much he could love someone. Not to mention, he deserved to be loved too! Austen is a spitfire. The mother to his flame and he is infatuated. He may think that what they have is "just" casual and he will only ever love Rae, but fate and Destiny mixed together is an electric bomb that will drop him on his a**. This series is beyond my favorite series! Fantastic!!!!

OMG OMG!!!! What are you doing to me. This is an awesome series. I have read each and everyone. You left me hanging.... don't want to give anything away here but OMG I have to find out what happens to Rydre. Every bad boy turns into jelly when he finds the right lady. The next book can't come soon enough.

I was given an advanced copy in exchange for my honest opinion. I have always liked Ryker but he needs to learn how to communicate and commit. This is DEFINITELY a MUST READ AND DEFINITELY ONE-CLICK series. I can't wait for the conclusion.

This installment is as good, if not better than the previous Ray books. The characters are bold and fit together so well. Ryker and Austen have already captured my heart. I can't wait to see how their

relationship works out. Anxious for the next book.

Oh my goodness! Another great book in the Ray series. Can not wait to start the next/last. Ryder has met his equal and she holds the key to his heart, or does she? Let's read on.....

What an emotional roller coaster !!! My worst fear happened and now everything appears to be lost. This book is one of my favorites of the series and is a must read.
