Beyond Cleveland On Foot 2nd Edition

Synopsis

These 58 hikes lead through the most interesting metroparks, state parks, nature preserves, and historic small towns of seven neighboring counties surrounding Greater Cleveland. The hikes range from easy to strenuous and cover a variety of terrain, so there are good choices for every mood and ability. Each hike includes detailed directions, a trail map, and background notes about the many points of interest found along the way.

Great resource!

My husband, dog and I just moved to the Cleveland/Akron area from out west and needed to find new places for all of us to get away for a walk/swim. This book has been really helpful and the directions on the trails and how to get to them is accurate. Though many of the "hikes" we have taken were during the winter, we look forward to seeing the areas transformed in the Spring and Summer months. The book covers a wide area (which was PERFECT for us) but might be too spread out for those not interested in driving an hour or so to some of the locations. I am expecting in a couple of months and the detailed descriptions of the trails helps us decide if it is suitable for me while pregnant BEFORE trying it out. Overall I recommend the guide as it has provided many, many days of exploring for our family.

Great service from seller. Product was received timely and in the condition as presented by seller.
