#01 Mallory On The Move

Synopsis

When eight-and-a-half-year-old Mallory McDonald's parents tell her that they are moving, she's mad—really mad! It's not fair! How can they make her move away from Mary Ann, her best friend in the whole wide world? Who will she paint her toenails with, tell secrets to, and make scrapbooks with? When Mallory arrives at her new house on Wish Pond Road, things are terrible. Her room is too small and the girl next door is mean. But Joey lives next door, too. Even though he doesn't paint his toes, he tells jokes, helps teach her cat to do tricks, and shows her how to skateboard. Mallory's having so much fun she forgets the pact she made with Mary Ann never to make friends with a boy next door. But, when Mary Ann comes to visit, what will Mallory do? Will she have to choose between her best friend and her new friend?

5 star Love this book you should put it on .com for free if you do awesome that would be the best thing ever

My 8 year old loves this series. She reads at about an end of 3rd grade level and is in 2nd grade. She loves this series. I haven't read it for content yet but what I've heard it's ok for this age.

I love your book I read the whole thing and it was great. You are lovely at making books. Sincerely, Julia Ribbins

I was very pleased with the condition of Mallory on the Move, it was listed as new and there is no doubt about that. It also arrived the day I was told it would. I purchased it to replace a library book that got wet this winter.

This a great series of books. My daughter likes every story she reads. They are great for 2nd and 3rd grade readers.

Being on the go has always made me work more efficiently. Saves time in the long run when you prioritize things.

I was an avid reader as a kid. My 8 year old is discovering her own series to read and this is one she loves.
