A Game Of Thrones / A Clash Of Kings / A Storm Of Swords / A Feast Of Crows / A Dance With Dragons

Synopsis

For the first time, all five novels in the epic fantasy series that inspired HBO's Game of Thrones are together in one boxed set. An immersive entertainment experience unlike any other, A Song of Ice and Fire has earned George R. R. Martin—dubbed “the American Tolkien” by Time magazine—international acclaim and millions of loyal readers. Now here is the entire monumental cycle: *A GAME OF THRONES* *A CLASH OF KINGS* *A STORM OF SWORDS* *A FEAST FOR CROWS* *A DANCE WITH DRAGONS* “One of the best series in the history of fantasy.” *Los Angeles Times* Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rules in Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys. “Long live George Martin . . . a literary dervish, enthralled by complicated characters and vivid language, and bursting with the wild vision of the very best tale tellers.” *The New York Times*

Customer Reviews

Praise for George R. R. Martin and A Song of Ice and Fire
"The only fantasy series I've put on a level with J.R.R. Tolkien's The Lord of the Rings . . . It's a fantasy series for hip, smart people, even those who don't read fantasy."
•Chicago Tribune
"Martin amply fulfills the first volume's promise and continues what seems destined to be one of the best fantasy series ever written."
•The Denver Post, on A Clash of Kings
"Martin has produced . . . is producing, since the series isn't over . . . the great fantasy epic of our era. It's an epic for a more profane, more jaded, more ambivalent age than the one Tolkien lived in."
•Lev Grossman, Time
"Addictive . . . George R. R. Martin has created the unlikely genre of the realpolitik fantasy novel."
•Rolling Stone, on A Feast for Crows
"Epic fantasy as it should be written: passionate, compelling, convincingly detailed and thoroughly imagined."
•The Washington Post, on A Dance with Dragons
"I always expect the best from George R. R. Martin, and he always delivers."
•Robert Jordan

George R. R. Martin is the #1 New York Times bestselling author of many novels, including the acclaimed series A Song of Ice and Fire • A Game of Thrones, A Clash of Kings, A Storm of Swords, A Feast for Crows, and A Dance with Dragons. As a writer-producer, he has worked on The Twilight Zone, Beauty and the Beast, and various feature films and pilots that were never made. He lives with the lovely Parris in Santa Fe, New Mexico.

This review is primarily to give a feedback on the sizes of leather bound and paperback printed books. I initially bought leather bound books. They were really pretty and paper quality was very

good. But the down side is they are really small books. So I got the paperback edition books. These books are bigger than leather bound and easy to read. So it totally depends on the customer what size book you would like to buy. I attached a photo to compare. Hope this helps

Extremely pleased with this leather edition. Absolutely stunning. Ten times more gorgeous in person.

What could be said about Game of Thrones, the first of George R.R. Martin's epic series, that hasn't been said a million times? It's absolutely brilliant. Going into these books (I read them after the show began but before I'd seen the show...), I enjoyed my share of sci-fi/fantasy along the lines of Harry Potter, Buffy the Vampire Slayer... fairly light-hearted stuff (in comparison, at least) that always felt grounded in the same world I live in. The one genre I really disliked was "Middle Ages Fantasy" as I called it. Lord of the Rings, for instance, while the films were visually appealing, was not my cup of tea... too detached from reality. So when I first saw articles and clips from the HBO Game of Thrones series, I thought it looked like the one type of fantasy series that I would never enjoy. I held out for a looong time, until 3 different friends of mine with similar tastes in books/shows/films promised me that, while they too disliked this sub-genre of fantasy, this series was different, and I HAD to read the books or start the show. Grudgingly, I picked up the first book, figuring that I'd push myself half-way through it and let me friends know I tried and they were totally wrong. Of course they weren't wrong. What George R.R. Martin has done here defies genre, period. It doesn't matter if you're like me and don't care for this sub-genre of fantasy... it doesn't matter if your like my spouse, and don't like fantasy at all. If you enjoy brilliant, incredibly-developed, thought-provoking stories... those with a strongly developed cast of characters who blissfully lack being "good vs. evil" and instead all display their shades of grey, good traits, evil traits, unique traits, all sorts of traits... then this book is for you. Buy it. Open it up. Start reading. You won't regret it.

To be clear, I'm not writing a review of a plot. I love the books and I was happy when I got them. However, my issue is with the books themselves. When I got to the second book I noticed that approximately 70 pages are missing. I can't tell if this is the case for the rest of the books, but I'm certainly dissatisfied with the product.

I just un boxed this book set, and it's beautiful!!!! I love the smell of new books, and old. Please see the pictures attached for size reference. After reading several reviews, I decided I would splurge and

get the leather set. All the pages are in there, I checked. The print is a little small, but I don't mind it. The box seems sturdy, and hopefully it lasts. Now to find a spot to put them where my 2 year old won't reach them.

I'm a big fan of the show and what I have previously read of the books. Bought these as they were similar priced to the mass market paperback but looked a lot nicer. While I am pleased with the look of the set, I wish the books were somewhat larger. Having them so compact makes the book harder to read and keep open, especially when you are in the middle without damaging the binding over time. The text is also a bit smaller than I would have liked, but still big enough to read without too much difficulty. No missing pages or strange smells to the books like some other review have said, though the pages are thin enough that you can see outlines of the next page. It is somewhat reminiscent of a pocket bible, in make, but larger in size. Overall, a decent investment

I love this story. It's everything you would want in an epic tale about knights, dragons, usupers, queens, wannabes, rouges, warriors and outlaws. There's sex, violence, bad language, mangling and gruesome deaths. And way, way too much more. I will continue reading it because I want to know how it ends even if it means I'll have to wait for and read two more books. However, I find I'm not enjoying this as much as I would if it were more concise. There are times it feels like a chore to keep reading. But just when I'm ready to give up and put it away, it picks up again. There are characters to love, characters to hate and characters I can't help but wonder why they are even part of the story. I want to reach through the pages and grab George RR Martin and yell "get to the point already!" I feel like I've been reading these books forever. But, I want to know who will live, who will die, who will be king or queen of Westeros? What happens to Cersie, Tyrion, Jamie, Danerys, Sansa, Arya, Jon Snow, Bran, Rickon and Sam? What happens to the dragons? What on earth happens to Catelyn? What happens in the end? So I will continue reading until the story ends, but I will not read another series by George RR Martin again. I'm not a big fan. I hate having to read through all the excess verbiage. There's just too much here that hinders instead of helping the story along.
