# A Season Inside: One Year In College Basketball

## Synopsis

Feinstein takes readers inside the locker rooms, the grueling practices, the late-night strategy sessions. They get a close-up look at recruiting, referees, injuries, winning, losing, and the private lives of the game's biggest stars.

## Customer Reviews

great read. Never disappointed by Feinstein

This is one of the best Sport books I have ever read. It is the written equivalent of the Great film Hoop Dreams

good book

It is a great recap of an exciting season of ncaa basketball with great comments, anecdotes and quotes from some of the games best.

Author John Feinstein's college basketball narratives are interesting, exciting, and informative. He covers the game with a broad approach, letting readers see many personalities, the pressures, and the often intense practices in this ultra-competitive sport. This book does not focus on any one conference or team, but presents a very interesting and broad national view of college hoops in the late 1980's. Yes, many of us fans realize that this multi-billion dollar industry unfairly gives players scholarships while coaches (and others) get rich, but hey, this is still a very entertaining sport. This

is a very readable and entertaining look at the college game.

What Feinstein did for Knight in his *Season On The Brink*, he now does for one entire season in the world of college hoops. This book is an inside look at everything from the grueling (and often gruesome) practice sessions that go on behind closed doors to the intimate personal lives of some of college basketball's biggest stars, from the tough lives of teams and players going nowhere to an astonishingly close up view of the winners who go all the way to ultimate glory. *A Season Inside* goes from coast to coast, from top to bottom, from glory to defeat.

An extremely entertaining book which takes you on a trip across the United States to examine the great venues and stories of college basketball. From the awesome early-season tournaments in Hawaii to the meccas of college basketball like the Palestra and Madison Square Garden to March Madness, from the Lute Olsen-Steve Kerr Arizona Wildcats to the Admiral to Danny Manning, Feinstein's book is a must for any fan of college basketball.
