Who Was Sitting Bull?

Synopsis

No one knew the boy they called “Jumping Badger” would grow to become a great leader. Born on the banks of the Yellowstone River, Sitting Bull, as he was later called, was tribal chief and holy man of the Lakota Sioux tribe in a time of fierce conflict with the United States. As the government seized Native American lands, Sitting Bull relied on his military cunning and strong spirituality to drive forces out of his territory and ensure a future homeland for his people.

Grade Level: 3 - 7

Customer Reviews

Stephanie Spinner is a full-time writer of children's books.

Who Was Sitting Bull? When Sitting Bull was ten years old, he went on his first buffalo hunt. He was the only boy in a group of skilled warriors. He had made his bow and arrows himself and used them on birds, rabbits, and other small game. But he had never hunted buffalo.

Love these books. My son, who is 9 has been reading them for a little over a year now and this book is wonderful. I must say that this one is not one of his favorites. He is a history junky, lol. He

so far seems to love the Jackie Robinson, Teddy Roosevelt, Abraham Lincoln, Robert E Lee, What is the world series the best as a 8 and 9 year old. I also read these to him in the evenings and I really enjoy them as a 40 year old father. I have learned so much from them as well. Sometimes I read them before or after my son in order to have an educated discussion with him about the subject of the book. I really also get alot out of them as well.

I bought this for my classroom, but I really enjoyed reading it. The font is sometimes hard to read, so some kids may have difficulty figuring it out.

My 9-year-old son loves this book series. This book is well-written, presents a positive introduction to Native American culture, and handles their horrible treatment by the US government in an honest but age-appropriate way.

Daughter loves the book, nice addition to the "Who Was" series

We loved this book. I always knew Sitting Bull was a great chief, but this book gave such a depth to the person he was. My son loved Sitting Bull's names as a child. I never knew how he died until I read this book. Very sad.

My son loves all of these books. He will sit down and read it as soon as one comes in the mail. I don't see him for 2-3 hours and then he cant wait to tell me what he learned. I love that they are educational. They are like mini encyclopedias on one person. My sons 3rd grade teacher recommended them too me. I figure if the teacher likes them, and my son loves them its a win win. I plan to buy the whole series.

My 9-year-old son loves this series. This biography in particular led to a very interesting discussion on the history of inequality in the United States, and he had a lot of bright questions to ask, as well as observations to make after reading.

Great book! Easy for kids to read!
