40 Real Ways To Make Money At Home: Replace Your Income Or Make Extra Money

Synopsis

Are you sick of the daily commute? Do you cringe when you punch the time clock? Have you had enough of The Boss looking over your shoulder? Why put up with it? There are a lot of real work-at-home opportunities. You just have to know where to look. I surveyed several different sites to make this list of real job opportunities. The opportunities are categorized by interest, so you can focus on the topics that interest you. Some of these may lead you to other work, which is great, and some may be perfect for you just as they are, which is even better. There is also a section of things to avoid. Jump in and see what's out there. After all, life is too short to spend 40+ hours a week putting-up with a job that's not working for you.

Customer Reviews

I have just finished this book and it has given me real information. Not the vague stuff that reads like a game of hide seek and leaves me feeling as though I have wasted my valuable time. Instead, this book named specific companies and included links to get me started as well as the names of books and stories to give me the information I will need to know before starting. Bravo!!

The title says it all and it's straight and to the point. Would like to have read snippets of real world experiences of success and possibly failure. Further research on job saturation vs need. Information on education or certifications relevant to job type.

I have been trying for years to find legit work at home. This book cuts out scams and countless hours of searching for real work, with ideas for using my talents to make money doing what I really love to do.

Good source for anyone looking for this kind of help. Lived up to its advertising. Lots of links to more specific info.
