Angels At Bedtime: Tales Of Love, Guidance And Support For You To Read With Your Child To Comfort, Calm And Heal

Synopsis

Every child needs a guardian angel--and the angels in these beautifully illustrated bedtime stories have come to earth to offer children compassion, kindness, and love. Each story is an exciting adventure in its own right, set in either a familiar modern-day environment or in the beloved fairy-tale world of princesses and giants. But these fables are also parables of difficulty overcome, and will comfort youngsters who may already have encountered sibling rivalry, peer pressure, or the challenges of a new stepfamily.

Book Information

Paperback: 144 pages

Publisher: Watkins (October 4, 2011)

Language: English

Customer Reviews

Karen Wallace is an award-winning author of children's books for all ages. The first in her series for younger readers, *The Crunchbone Castle Chronicles*, was selected for the Summer Reading Challenge in 2006. *The Goose Pimple Bay Sagas* was a World Book Day recommended read in 2008 and *Li Fu's Great Aim* was chosen for the 2008 Boys into Books promotion.

I have all four of this set.....the first one i purchased was "Buddha at Bedtime" and was so delighted to find that there were more to behold. The stories are told in a very soothing tone and you can compliment this tone if you like, when you are reading it to your child. I feel it sends my little one to sleep with something sweet & lovingly instructive, tucked away with them as they drift off....and at

the end of each story, there are Affirmations for little ones.....little golden goodies that can give them the option to choose a loving choice in life and in their hearts rather than a not so loving one. I just read the second story from this particular book last night and i am just very happy to introduce another Channel of God's Love to Angelina.....Angels :) :)Have a happy day!

love this bedtime story book. My kids love reading the stories before bed! All of the stories have some life skill to teach our childrenhighly recommend

This book is a wonderful way the end a busy day for kid's and parents. It gives you a wonderful shared experience at will build lifetime memories.As a grandparent it is our special time to share and learn from the stories.

I chose the book for stories for my young child - the cover is beautiful. The stories are a bit complex and the tone feels controlling. I will return it.

Cute book

DO NOT BUY THIS BOOK!! My kids love the Budha at Bedtime book. It was full of positive stories and continues to serve as a springboard for discussions about life in general.Angels at Bedtime purports to be in the same line but is NEGATIVE and Not Suitable for many.For example, we read a story last night about an ANGRY girl in her FATHER's BAR; the father walks in with his NEW GIRLFRIEND. The NEW GIRLFRIEND as the ANGRY younger girl if she would like to go upstairs from the bar to read about princesses; the ANGRY LITTLE GIRL responds she would rather PULL HER TEETH OUT ONE BY ONE! If you can imagine it gets worse from there. WHAT A Disappointment!

I was so hoping this book was everything the description said it would be because it sounded so wonderful. On the positive side, I do love the illustrations. Unfortunately, the feelings the pictures illicit just don't match the writing. The stories have no depth. They were written too much with the mind and not enough with the heart. I was hoping it would be as good as "Buddha at Bedtime" which is amazing, but in my opinion it doesn't come close. I'm glad I just borrowed it from the library.
