Bruce Lansky is the #1 author of baby-name books in North America, selling over 11.5 millions copies of baby name books. His other name books include: The Best Baby Name Book in the Whole Wide World, The Very Best Baby Name Book, 60,000+ Baby Names, 25,000+ Baby Names, 15,000+ Baby Names.

Very cute book for looking at names and narrowing down on names for baby. I found my baby's name and I would recommend this to all moms and dads that need help with a name. Ty

I didn't like it. I didn't like it so much that I gave it to my expecting friend lol I like unique but beautiful names. I felt like the book had boring and ridiculous names. Or just very simple names. It's just my opinion someone else probably liked it but there was not one name that I even considered. To each it's own.

Was very disappointed in this. Thought this would have alot of different names and a wide variety but instead it's just your basic names and a million different ways they are spelled around the world and their meanings, which mostly just refers you to it's original spelling. Wouldn't recommend at all.

Great gift!

This was a pretty comprehensive list. Some duplicates but lots of suggestions. I would definitely recommend it to anyone expecting.

Really really comprehensive, albeit many not that useful, list of baby names. A "favorite" of mine and my husband's was "Clitia" which is Greek for something about keeping yourself clean...That being said--we named our daughter who is due in 9 days by finding a name in this book that we both could finally agree on--so it served it's purpose beautifully.

Very complete baby name book with definitions and origin

Horrible selection of names, too many middle eastern names, or variations of same name. Not enough European names. Waste of time and money.
