## Customer Reviews

Finally! A kidney diet book that lists ALL the nutrients I have to watch each day- and in one place. I searched high and low for this- most books give separate lists and you get so confused going back

and forth. This is exactly what you need to help plan your diet. It also gives you a great way to go food shopping. Thank you so much!

Very informative and helpful. Am downloading to cellphone to help me shop for groceries and meals that vary and not monotonous or boring

Good photos, nutritional information included. Decent cookbook for CKD.

Excellent, recipes were interesting and easy to follow. I would certainly recommend it to someone with CKD.

Got this so I could help advise my brother who has chronic kidney disease. I'm happy with my purchase

Gave this cookbook as a gift and she loves it!

Lots of good recipes.

Very nice cook book!
