Level 2B - Theory Book: Piano Adventures

Customer Reviews

My son used Bastien piano basic in the beginning when he was 3. A few months later after he finished level 1B, he transferred to Piano adventure (Lesson, Theory, Performance, Technic & Sight-reading), because his piano teacher was using it. It's well organized. We all like Piano adventure more, and my son loves to do theory book the most. His teacher teaches him Suzuki level 2 at the same time. Now he is almost 4 and half, he finishes Level 2A , half of Level 2B and half of Suzuki 2. I am going to buy Piano adventure Level 3A.

My boys use these books for piano lessons. They are easy to use and learn from and my boys have both learned a lot through this series of piano books. A must buy for any piano player learning to play.

Exactly as described! Love the convenience!

I've been teaching for 20 years and I love using the Faber Adventures book!

Great piano lesson series

Great series of piano books. My daughter has been using this series for years. They are great!

Does a great job of introducing new theory concepts at the same level as the other Lesson Books in this group. It explains how to do the theory so it can easily be done at home after or without short explanations with the teacher.

Great
