Obsidian Curse (A Stacy Justice Mystery Book 5)

Synopsis

Reporter Stacy Justice has finally stopped resisting who she really is— a powerfully gifted witch. And now that the Council has appointed her Seeker of Justice, she feels stronger and more attuned to her magic than ever before. But Samhain—the night when the veil between the worlds thins—is approaching and something strange is brewing. First, a fairy with a sweet tooth appears in town unexpectedly. Then, a mysterious stranger shows up at Stacy's newspaper, seeking info for a true crime exposé he claims to be writing. But most disturbing of all, a bloodthirsty, sexy demon has escaped the Otherworld, determined to invoke a curse that has plagued Stacy's family for generations. Fulfilling her role as Seeker and finding out how all these pieces fit together may tear her relationship with her boyfriend apart. But if she doesn't find answers soon, her love life won't be the only thing in danger. This fifth book in the Stacy Justice series offers more of the dazzling magic and heart-stopping thrills that have left readers spellbound.

Stacy Justice, reporter by day and powerful witch by night, is finally coming into her own. Once reluctant, she's now embracing her skills and assuming responsibility as the Seeker of Justice, in the witch world and the human world as well. She is unable to tell her beloved of her true nature, however, and this causes complications in the relationship. He falls under the influence of a succubus and things get even more complicated. Stacy is struggling at the newspaper too. Her partner has hired a blonde bimbo sex columnist Stacy hates but can't do anything about because the bimbo's work is popular. Stacy is charged with keeping an eye on the bimbo because she's either a bloodthirsty demon in slut clothing come to torment Stacy and her family, or needs protecting from the bloodthirsty demon. Stacy does enjoy tranquilizing the bimbo on a regular basis. Samhain, the night when the veil between the worlds is thinning and "them" and "us," is approaching and stranger-than-normal things are happening. A fairy with a sweet-tooth is stalking Stacy and a mysterious stranger shows up at the newspaper, knowing way more about Stacy than he ought to. Fulfilling her role as Seeker, and finding out how everything fits together may be harmful to Stacy's love life. Not figuring it all out may be harmful to Stacy's very existence, as well as that of the family she loves. I started this on the elliptical at the gym the other day and that was the fastest 30 minutes I'd ever spent. I was so entranced with the story, I rushed through the rest of my workout so I could get home and keep reading. All the recurring characters are back: Thor, Stacy's Great Dane "familiar"; Cinnamon, Stacy's cousin, pregnant and developing an uncharacteristic fondness for kitchen items with a fairytale theme; her wacky aunts; her beloved, Chance; and her ex-boyfriend the sheriff. The plot was captivating and the ending: wow, what a complete surprise. While you could read these out of order, I recommend reading them in order for maximum enjoyment.

This is another excellent read. Have you ever noticed that Stacy's grandmother and aunts don't have a man in their lives? Well there was a curse put on them by a Leannan Sithe, (a succubus, I think that is how you spell it.). Well the broad is back! She somehow managed to escape from the other world and is out for revenge. Who is she after? Stacy has to find and bind her and send her back to the other world. It is not going to be easy, because she could inhabit any woman's body. Stacy also has to help this author, Blade Knight, find out who killed his parents when he was a little boy. The only clue they have is this black skull that was left at the scene of the crime. Know you

know that she will have help from her aunts, she also has the help from this mischievous, sweet tooth fairy named Pickle. she also has help from an unknown source. Oh yeah, the Sithe has help from her co-horts. People I am not the worlds greatest speller, so please forgive my mistakes. I don't want to give away too much of the story, but you will be surprised as to who the Sithe inhabited and the surprised help for Stacy.

It felt like I waited three years for this book! And it was worth the wait. I love this series! I just wish Ms. Annino would write faster. However, perfection takes time. This series has it all, humor, a little horror, an interesting story and plenty of imaginative storytelling from Ms. Annino. It is wonderful and I have a hard time putting it down once I start reading. I am sucked into Stacy's world where I would love to be a long term guest. It is so much fun I don't want to leave. Please Ms. Annino, hurry up and write the next adventure.

I absolutely love this series and the fifth book is so good! I couldn't put it down and read it in a day and a half! There are a lot of twists and turns...ups and downs...Oh no moments and laugh out loud scenes(my husband asked quite a few times what I was laughing at)! Stacy along with all of her aunts, cousin Cinnamon, Leo, Chance and Thor are all here along with some new characters that I hope make appearances in future books. So looking forward to the next adventure with Stacy Justice who definitely gets into some "sticky" situations to see where she will end up next! Kudos to Barbra Annino on another great story in this series whose writing is so captivating and detailed that you can feel the magic in the air!

I am definitely a Fannino. I love the Stacy Justice books and can't wait for the next installment. That being said this is another excellent story by a very talented writer. There's action, humor, itchiness and lots of fun. Please, if you'd like to read this series be sure and read them in order, otherwise u may be a bit lost. This book is number 5 an I believe number 1 is Opal Fire another good story about our reluctant witch.

Love, love, this series. This book is so good that I could read it twice! Excellent story. Well paced, excellent characters. Will move on to next book. Also love the recipes and additional information. Great author. Highly recommend reading series.

Stacey Justice is a wonderful character, along with her family. I love characters who don't believe in

their paranormal powers until something happens to make them believe. The stories are very well written mysteries, but with the paranormal involved. I absolutely loved this book!

This is the last book (so far) in the Stacy Justice series, and it wraps up everything that has happened so far in the series. These are all stand alone books, but I really recommend you start with the first one and read in order or you'll miss a lot. Stacy is a hoot, as are most all of the other characters, these books are so much fun to read. One thing, there is witchcraft woven through all the books, not the silly TV stuff but real witchcraft, so if you have problems with this, do not buy these books. It doesn't bother me, so I read and learn new stuff while I'm laughing at Stacy's antics. Great stories, you'll love them.
