Customer Reviews

I, too, loved this book! Truth and Love radiate through its pages as you are taken on a journey through the years following the crucifixion and resurrection of Yeshua. We learn deeply and fully

about the Mary Magdalene energy and how the role played by the Magdalenes created a vortex for healing upon our planet Earth. There is so much richness and depth to this book it is impossible to describe in a brief review what this book offers. I will say this for those ready to embrace the fullness of the gifts of Mother/ Father God, for those ready and willing to step out of old paradigms and embrace the Truth, for those ready to breath Oneness and truly let go separation and limiting beliefs on all levels... you will find the keys to all of this. Trust yourself, open your heart, and say "YES!" to this amazing knowledge ready and waiting to greet you with remembrance.

I like the detailed information in this book. It completes what the first book left out. This is a good read for the information that it contains about the feminine aspect of Christ consciousness and the importance of women in the resurrection story. Also, like how they connected the Celts, Druids, Egyptian and Indian knowledge to the Holy family. Highly recommended reading.

This book was amazing. It was chanelled which may cause a big challenge to some people but I found it totally convincing and a very interesting account around the time of Jesus and the Essenes. I feel for the pedantic many of the points made could be crossed referenced to 'prove' the messages. For me it seems perfectly plausible and it covers so much more than we are limited to from the Bible. Even if it is looked at as a work of fiction it is still a very good read on how life went on for Jesus after he was crucified and rose again from the dead.

This book reveals a deeper Mary Magdalene story, that is the most accurate accounting of The Magdalene's lives available anywhere. This accurate book about The Three Marys, and many of the Christ Family members was very transformational for my own personal healing process. With information never before revealed, this book exhibits deep courage and acts as a profound healing tool for the emerging Divine Feminine voice. Thank you, Claire.

After reading "Anna Grandmother of Jesus" by the same author, it propelled me to read this one. The info is truly fascinating and earth shaking coming from a catholic background. In my opinion, our oneness with everyone, living our lives with no judgement and giving kindness and love daily, mirrors the same teachings in "The Course in Miracles" and Buddhism. This must be the way to live life in peace. I have recommended the work of this author to all my friends and it is the topic of our lively discussions in our meetings.

This is a great book that really opened my eyes to what may be the truth of Jesus/Yeshua's lifetime. I gave my first copy away and had to replace it to have one on hand. Good information about the Essene way of life and the road they had to travel to stay safe. I also purchased Anna, The Grandmother of Jesus by this author and also found it very informative as well as enlightening.

A book by medium Claire Heartsong which beautifully recounts the Essenes of Mount Carmel, Jesus' real family structure, dynamics and mystical/ metaphysical training. You believe as you are ready if the book resonates with you. Enthralling, poignant, revealing and life-changing. It changed me forever.

I do not know if all that is reported is true, probably not, since screened through the personal perceptions and limitations of the person channeling, but it deeply motivated me to work harder on my spiritual path. It's proof, if need be, that Jesus and Buddah carry the same message of compassion and Oneness. Thank you to the author and Bravo!!!
