Christopher Hart's Portable Cartoon Studio

Synopsis

With this take-anywhere kit, would-be cartoonists can learn the secrets of successful cartooning. Pull open the Velcro flap and inside is a portable cartooning studio, complete with a full-color 48-page instruction book, a refillable 60-page sketchpad, and a pencil. Helpful pointers on subjects ranging from character design to animation are included in the book. 50 color illustrations.

Customer Reviews

The work of this artist is amazing. A few years ago I bought his plain cartoon book for tracing. The only reason I put four stars is because when I received the book, the inside was ripped off from the hardcover hold. It is upsetting

amazing book!

This was my first ever book/kit in the area of cartooning. After a few weeks of study and practice I had already written and illustrated my first children's book! Some of the categories include: how to draw the cartoon head, how to draw the cartoon body, the cartoon animal, marrying expression to dialogue, advanced techniques, original comic strip jokes and character suggestions, draw your own comic strip sample grids, and animation, (plus many sub-categories) this book will keep you interested, busy, and will turn even the coldest of hearts soft for cartooning fun! I highly recommend this!

christopher hart is a person to admire!!! his kit is very good and essential for every cartoonist.
