Synopsis

Intended for 7th grade. In a few years, your students will be taking the SAT. Start preparing them now with Vocabulary Power Plus. Your students will score higher on the SAT once they've used Prestwick House's Vocabulary Power Plus for the New SAT, the only program that addresses all of the revisions in the test without compromising the vocabulary studies students need. Each unit alternates focusing on the critical reading and essay portions of the test with questions focusing on sentence completion, reading comprehension, inference, essay, root practice, and more. Review units ensure your students will remember what they've learned. Why should you use Vocabulary Power Plus? You'll save time because you won't have to write vocabulary lessons from scratch. Reading passages similar to those on the SAT* help students learn words by examining their contexts. Multiple exercises reinforce the meanings of words to students, fostering long-term knowledge. Your students will learn more than 200 new words in each book. You'll tackle vocabulary instruction and test prep with one resource. **SAT is a registered trademark of the College Board, which was not involved in the production of and does not endorse this product.

Customer Reviews

This is a classroom edition for students. Tests and Answer Keys are available from the publisher, but are sold only to schools and teachers.

Great resource to teach vocabulary. Includes definition, synonyms, antonyms, and sentence examples. Four stages of activities provide thorough instruction to use the words in multiple contexts.

I purchased the kindle edition of this book because my son doesn't always bring it home for homework. .. No escape for him. ..As for the content, since it's taught at school it should be good. I've went over some exercises with my son and they seem to be to the point. Usually my 7th grader studies by himself.

Great product. As expected

Great learning tool!

One of my students was using this, this year. It was great not having to look over his shoulder anymore. And, I will have it as a tool for the next class.
