Customer Reviews

Perfect tool for a High school Student. The lessons review bookmarks are very good. The details, level of teaching, excellent!

Great help to my daughter for school studies, a must have.

Consider it's a used book, i was surprised to see how good shape the book is in when i got it.

My child needed it for school and it was delivered fast and my student is able to use it for study.

Met expectation's and More.I Recommend This Company 100%.

I hated my experience with this seller and wouldn't recommend it to anyone. I rented a textbook and had 5 months to use it and return it. However, when the time came for me to return it, they wouldn't let because their return policy was only valid after two months of the purchase. In other words, instead of having 5 months of using the book and returning it, I was only given two months without any notification. As if that wasn't bad enough, the book's rental fee was \$48 but I ended up paying the fee not once but THREE times. They didn't let me return the book and charged me for it THREE times. Worst experience, wouldn't recommend this seller to anyone.

fast and in time, send it to my boyfriend, as the price. the best seller. Great Price for a Very Sharp Bread product.

good book learned a lot. I wish we had the chance to take this class again. the book is fine, great seller amazing product. I'd not ask for a better book
