Customer Reviews

I do volunteer tutoring of candidates for the citizenship interview. I have bought this book for all of them. It's a great resource to help Spanish speakers, who are beginning or intermediate English speakers, pass the exam. There's just enough history and civics to understand the basics and be able to answer the magic 100 questions. The text in each chapter is quite short but to the point, and is presented in both Spanish and English. The following exercises are in English only, which helps to build confidence through familiarity in responding to typical questions. It also allows it to be used by a class with mixed levels of English comprehension. Each chapter also has several of the short sentences that may be dictated during the interview. The cumulative effect is, again, confidence in responding to an English speaking interviewer. For the price, for triple the price, this is a great book. I'm buying four today for my next group.

Excelente ayuda para aprender todo lo necesario para el examen de ciudadanía Americana.

Just make sure you have enough time to prepare for this test. At least a couple of months.

I want my money back as soon as possible. This book is bad. Not good.
