Sign And Sing Along: Twinkle, Twinkle Little Star

Synopsis

Children are able to communicate by signing before they develop the skills necessary for speech. By teaching simple sign language to children from as young as eight months, we can help them to convey their emotions and their needs. When children begin to talk, having sign language to fall back on provides a comforting safety net. Add to the fun of signing by singing well-known nursery rhymes and songs. Even proficient speakers will long enjoy signing to a favourite song or rhyme. Simple and clear signing instructions allow anyone to join in.

Age Range: 1 - 3 years

Grade Level: Kindergarten and up

Customer Reviews

This book and the other sign and sing along were the perfect gift for me deaf nephew. He loves them. The only odd part of the books is that I had to sign upon delivery, which I've never had to do with Prime before or since then. Would purchase more if they had them!

My toddler is now able to sign along with me as I sing this song! She's loved it from 13 months, and is constantly bringing this (and her other sing along books) to me for playtime. I like that the illustrations are BIG and the text (in this case, the lyrics) are easy for her to follow along. The sign

for "star" is somewhat vague (my husband and I were wondering if it's two hands in unison, or alternating up and down motions), but we've figured it out. Toddler will request it by doing the "twinkle twinkle" sign -- in the car, on the potty, in the bath, in the kitchen...you get the idea.

great

Great price, wonderful pictures and you can sing the words! It also includes very easy sign language in this book..

Bought these as favors for my daughter's 1st bday. All of the kids loved it. My daughter is now 1.5 and actually follows along with the signs and loves this book!

I wanted to sing a lot of these classic songs with my daughter, but it had been so long since I'd done them (my own toddlerdom) that I had forgotten many of them. This book has all the ones I remember plus more. It is a great afternoon or mid-morning activity for rainy or cold days. It also reinforces baby-signing if that is something you are doing with your child (we have kind of faltered in that area).

I purchased this to go with musical star, Perfect for nap time and bed time as well. Mom & baby both love them

I ordered these books for my 2 year old to help us communicate better. He's 5 now and still enjoys learning sign language!
