Like over the top cheesy. Cute though...but damn...cheesy

So cute!

The book is really cute. My 2 grandsons really like it. I read it over and over to them.

The familiar tune makes my son smile and perk up as soon as I begin reading. At 20 months, few books hold his attention like this one does! We will definitely be purchasing more from this series!

Got this for my niece. She still a baby but it's a fun book for her parents to read to her. I have other Itsy Bitsy books and they are all adorable. My son who is 18 months loves reading them.

I live the itsy bitsy books they are so much fun to read to my daughter and will use them with my son after he is born I can not wait to see my daughter's face on Christmas when she gets this

Cute story and fun illustrations. It is written to the rhyme / tune of the Itsy Bitsy Spider so can be used as a book or as a visual tool for singing a variation of the song.

This is a gift for my niece. The shipping was extremely fast and is exactly like the description! She loves books and I know she will love this!
