I think this is amazing for beginners in chakra balancing and meditation alike. It answers all my basic questions and is perfect for a visual learner. In my top two best books on the subject.

Lots of information to the beginner, I'm learning to bring peace to my life when life gets a bit hard.

I absolutely love this book. Offers so much information! Highly recommended

The best all-around chakra guide out there.

I use it everyday! So much information, in an easy straight to the point format. Love it

I got this book for learning I got to look at today it is an amazing for learning about the chakra's and how to open I can not wait to get started later today I have already referred this book to every one I know. This has so much info in it u will learn a lot.

Read through the book in one day and will go back occasionally as there is a lot to learn. Perfect for the beginner.

I'm just beginning to learn about Chakras, energy work, and crystals. This was a very straight-forward explanation with colorful pictures; easy to read; easy to use. It probably isn't the best for those who are very knowledgeable about the subject, but for beginners or as a quick reference guide, I would recommend it.
